

## Acid Broke The Spell

Chinawoman

Acid broke the spell of a lovelorn season  
Acid broke the spell and I can't believe it

Woke up and to my surprise  
The magic gone from your eyes  
Who said there was no cure for love was wrong  
Cause I found one

Acid broke the spell of a lovelorn season  
Acid broke the spell I still can't believe it

My life I bowed to the muse  
Resigned that I always would  
The sky went pink and spring rose up like god  
Over the spell of love
