

## Let's Meet

Chinawoman

Who's missing from the picture?  
It's the one I love  
Who's missing from the picture?  
It's the one I love

New year's eve in the company of strangers  
New year's eve in the company of strangers

Who's missing from the picnic?  
It's the one I love  
Who's name is never spoken?  
It's the one I love

New year's eve in the company of strangers  
New year's eve loves the company of strangers

We should meet  
We should really meet again  
We just need to fuck again  
There are no favors to be done  
For anyone

This is ridiculous  
You're an idiot  
Let's just get it over with  
Soon we'll both be dead you bitch  
What your dreams say is obvious  
You cannot spare anyone

So come..  
Come....  
Come.....

Let's meet!
