

# Headless Fools

Chinchilla

When the fog of evil buried the whole world  
Dark demons created their forces anew  
There were only a few able  
To resist, the others creep to the gold

Thus they be baited with money and force  
Their deepest nightmares awake every night  
They resist all temptations of the dark side  
The devil wasn't able to flag them alive

HATE AND BLOOD AND CRIME  
THAT'S THEIR LAW  
AND OUR FUTURE  
THE NEW WORLD IS BUILT UPON THEIR LIES  
BUT THE HEADLESS FOOLS NEVER SURVIVE

They were branded as heretics with eight  
They were hunted, they were sent to their doom  
Now the Judas had accomplished  
Betrayal is their faith and gold their real god

So they build their empire upon their lies  
Until they reach their goal, 'til everything is done  
And now the earth was without form and void  
And darkness was upon the face of the world
