

Folks Are Gone

Chixdiggit!

I saw you at the mall this weekend
It was pretty cool to see your face
A lot of things have changed here, girlfriend
Since you left, getting my own place

Everybody's still in school
I think you'll find that nothing's changed
My mom was asking how you're doing
She still thinks we should get married

It's alright
Well, I really want to see you tonight
Oh yeah, it's alright
I can't believe I get to see you tonight,

'Cause my folks are gone
You got a job with Northern Power
Your hat is where you lay your home
You figure how to work the shower

Then you know it's time to go
You said that you can tell I'm happy
And that I should look you up
When I come to town

It'll be a while till we come visit
Ain't no better time than now
It's alright

Sergeant Pepper and the ghoulies tonight
Oh yeah, it's alright
We can listen to your Slippery When Wet,
After Billy Bragg

You never go home,
This is what you found
I can't get sad 'cause you're never around
All the kids in the alley way

They don't listen to
What the mob say
But are they ready for a good time?
Yeah, I think so, baby,

I can hear the brudders yelling out
I saw you at the mall last weekend
I can tell that nothing's changed
Oh yeah, it's alright

Sergeant Pepper and the ghoulies tonight
Oh yeah, it's alright
Well, I really want to see you tonight
Oh yeah, it's alright

Well, I really want to see you,
Really want to see you tonight
Cause my folks are gone
