## Chokehold

Deceitful is all you've been tear away at the false uncaring skins  
ins a corporation with bloody hands is what lays underneath the  
lies you sold

The lies you told

The blind leading the blind in a war against non existent enemies  
all the while you hide under your greed soaked camouflage your  
corporate camouflage now you walk a separate path

Now you're the puppet, you're one of them, I see your strings
