

# Take Me Home

Chord Overstreet

I crossed the last line  
She shattered that land  
I let our love out the door with a slam

I came here thinking  
I could drink her away  
I hit the bottom get carried away  
Ooh, I can't stand up straight

Please take me home  
Please take me home  
Please take the wheel for the night  
Lay me down clothes the blinds  
Save me from hitting the floor  
Don't leave me out in the cold, someone please take me home

Been awhile since I lost ya  
Getting close to a year  
Your world keeps on turning but I'm always here

Still in this heartache  
To friendly new face  
Both of us want to get out of this place  
So lets get out of this place

Please take me home  
Please take me home  
Please take the wheel for the night  
Lay me down clothes the blinds  
Save me from hitting the floor  
Don't let me leave her alone, baby please take me home  
Baby please take me home

I'm tired of running (take me home, take me home)  
Please take me home (take me home, take me home)  
Its long along the road (take me home, take me home)  
I can't stand alone (take me home, take me home)

Please take me home  
Please take me home  
Please take the wheel for the night  
Lay me down clothes the blinds  
Save me from hitting the floor  
Don't leave me out in the cold, someone please take me home
