

# Locked Up Lovers

Chris Crocker

Hey love, you know you got me locked up  
And in more ways than one  
'Cause I'm in jail every time I exhale  
The way you hold that gun

Hearts, hearts beating fast  
I keep moving, I can pass  
Your little criminal mind

Hearts, hearts beating fast  
Got me trapped inside the past  
Feels like I'm paralyzed  
No

I gave away the one real key to my heart  
But you lied and tore me apart  
I'm changing all the locks, I swear, tonight  
I'm building back all the walls you broke inside  
Can't deny that it's time to say goodbye  
I'm changing all the locks, I swear, tonight  
You can keep the key for your other  
Locked up lovers  
Locked up lovers

You're like a cop  
Locking up the whole town  
The way you mess around  
You've got the key  
But you cannot control me  
I'm finding my way out

Hearts, hearts beating fast  
I can't move, and i can't pass  
Your little criminal mind

Hearts, hearts beating fast  
Got me trapped inside the past  
Feels like I'm paralyzed  
No

But you lied and tore me apart  
I'm changing all the locks, I swear, tonight  
I'm building back all the walls you broke inside
