

# Blame Me

Chris Knight

Sit down Mary they don't know what they're talkin'  
about  
Sit down Mary it's only make believe  
Sit down Mary don't say those things you're screamin'  
out  
It was me... It was me..

And it was me they saw in the liquor store that night  
It was me with a gun on that cashier  
And when it went off it was me who took flight  
And it was my getaway car they saw disappear...

Chorus  
So blame me if a crime's been done  
If they need a reason I'm the one  
Blame me

Yes Sir, I left my wife Mary and her kids  
Yes Sir, I was a touch out of control  
I drugged and drank and gambled, well yes Sir, I did  
'Til there wasn't any money to send home

Chorus

What's that you say Sir, there were witnesses  
Standing in the shadows that night  
And that hold up man running from the liquor store  
They say she looked exactly like my wife

Sit down Mary, they don't know  
What they're talking about  
Sit down Mary, it's only make believe  
Sit down Mary, don't say those things  
You're screaming out  
It was me, it was me, it was me

Chorus

Mary blame me
