

Jack Blue

Chris Knight

Sheriff comin a pool hard the look on his face
have you seen jack blue around this place
He's a bad one him always breaking the law
if you see jack blue better give me a call

Jacks shootin pool on friday night
couple outa town boys lookin for a fight
It was two on one but jack even the score
Paramedic packed one of them out the door

You don't go looking for trouble
ain't that what the old folks say
Don't go looking, don't go looking for trouble
It will find you anyway

57 stiches in that boys hide
Doc shook his hand said your lucky your alive
Don't go looking for jack blue
Heres some thread and a needle just in case you do

Yeah you don't go looking for trouble
Ain't that what the old folks say
Don't go looking, don't go looking for trouble
It will find you anyway

Jack works in his yard and he drinks ice tea
Ain't had a fight since 93
Don't go to bar rooms and billard halls
Tried to teach his boys to respect the law

Don't go looking for trouble
Ain't that what the old folks say
yeah don't go looking, don't go looking for trouble
It will find you anyway
