

## Jack Loved Jesse

Chris Knight

Red eyed and wasted rollin' into Memphis  
Jack said to Jesse I don't think I can handle this  
The slammin' in his ears was his own heartbeat  
A .38 tucked under the seat  
Jessie said Jack this ain't no foolin' around  
If we screw up now they're gonna take us down

Jack loved Jesse like a runaway train  
He knew she was crazy but he loved her just the same  
It felt like dancin' on the edge of a knife  
Jack loved Jesse for the rest of his life

Trunk full of Meniffee county homegrown  
Ten thousand dollars if they bring it on home  
But Jess shot it to hell back in Jackson town  
The Tennessee trooper on the ground  
Jesse said if we could make Arkansas  
We got us a chance to outrun the law

Jack loved Jesse like a runaway train

He knew she was crazy but he loved her just the same  
It felt like dancin' on the edge of a knife  
Jack loved Jesse for the rest of his life

Memphis rolled by like a dream in the night  
At the Mississippi bridge they could see daylight  
Two unmarked cars fallin' in behind  
Jesse said Jack it's the end of the line  
Matt black Fords blockin' all four lanes  
If we're goin' down we're goin' down in flames

Jack loved Jesse like a runaway train  
He knew she was crazy but he loved her just the same  
It felt like dancin' on the edge of a knife  
Jack loved Jesse for the rest of his life  
Jack loved Jesse for the rest of his life  
Jack loved Jesse
