Cowboys Ain't Easy To Love

Chris LeDoux

I know I hurt you but I never meant to
It's you that I'm fondest of
I know you need me but I must be free
Cowboys ain't easy to love

Somethings that I do, I know don't please you
My ways are rowdy and rough
Don't try to change me, you can't rearrange me
Cowboys ain't easy to love

Somewhere tonight in the rain and the wind
I'll be searching for something and dreaming again
Chasin' a rainbow that has no end
Cowboys ain't easy to love

The bright lights may blind me and sometimes I can't see
Just how much I need your love
Lord it ain't easy but I'd die if you leave me
Cowboys ain't easy to love

Somewhere tonight in the rain and the wind
I'll be searching for something and dreaming again
Chasin' a rainbow that has no end
Cowboys ain't easy to love

Somewhere tonight in the rain and the wind
I'll be searching for something and dreaming again
Chasin' a rainbow that has no end
Cowboys ain't easy to love

Somewhere tonight in the rain and the wind
I'll be searching for something and dreaming again
Chasin' a rainbow that has no end
Cowboys ain't easy to love
