

I Got You

Chris LeDoux

We'll I've been up and I've been down I've been over and I've been around
I've been in and I've been out I've had some things to shout about
But I know I won't strike out if I got you
Well I've been good and I've been bad I've been happy oh I've been sad
Had the world right by the tail got the wind below from my sails
But I know I'll never fail if I got you
As long as I got you to talk beside me
Well I'll never let no problem get me down
Well there ain't no problem
Touch enough to ride me or to throw me to the ground
As long as you're around

Well I've been wrong and I've been right I walked in darkness and I've seen the light
I was lost and now I'm found got my feet back on the ground
I know I won't drown I got you
As long as I got you...

Well I've been weak and I've been strong I've felt the blues in a country song
Sinn my dreams go up in smoke been at the end of my rope
Now I know I won't choke if I got you
As long as I got you...
