

# If You Loved Me You'd Do It

Chris LeDoux

The walls that surround me in this room I call my well of loneliness  
Keep whispering your name with the voices hauntin' as your soft arrays  
And since you've gone away I get lonelier each day  
And I still don't know how you can put me through it  
If there's any love still burning in your heart you'd be return in'  
If you loved me you'd do it  
If you love me you'd do it you'd come back home to me  
You'd take away this loneliness and end my misery  
If you love me yes if you'd love me you'd do it

The memories that I live with seem to press against me softly in the night  
Remembering the good times don't leave time to think of who was wrong or right  
Love is not an easy prize it can pay before your eyes  
It's not a simple thing and we both knew it  
And to throw it all away is wrong so come back home if you'd love me you'd do it  
If you love me you'd do it...
