

# Life Of A Rodeo Cowboy

Chris LeDoux

Well, it really has been nice bein' with you  
But I'm afraid that I've got to leave  
As you know I'm a rodeo cowboy  
And there's a rodeo down in Mesquite

That's the life of a rodeo cowboy, breakin' broncs or gettin' b  
roke  
That's the life of a rodeo cowboy and that's the only life I kn  
ow

On the day you think your day is the big one  
I'm walkin' away with all that they own  
Then you're lyin', hurtin', hearin' someone saying  
Give him a hand that's all that cowboy is taking home

Hot beer and cold stale hamburgers  
Makes a meal sorta hard to enjoy  
And it kinda makes you think of momma's chicken

Ah, that's the life of a rodeo cowboy  
That's the life of a rodeo cowboy

When you're down and you're really feeling sorry  
Well, you go for a drink in some bar  
Then someone points at you  
And you hear him whisper over there stands a rodeo star

That's the life of a rodeo cowboy  
That's the life of a rodeo cowboy
