

# Drink It Up

Chris Mann

Drink it up, up, up  
Drink it up, up, up  
Drink it up, up, up  
Drink it up, up, up

All the lights are blinkin' green and red  
Got a feelin' dancing in my head  
Everybody's sparkling  
Everybody's hearts in  
Rhythm cause we're happy comin' home again

Ooh, got our spirits high on luck  
Ooh, my hands around a paper cup  
Ooh, it's sweeter than a sugar plum  
I can hardly wait for this time of year to come cause

We're sippin' sunshine on a frosty day  
Keeping us warm by the fireplace  
Busy counting snowflakes  
Love the way they shine  
If I had my way  
We'd do this all the time  
So drink it up up up  
You can feel the love  
So drink it up up up  
Joy is overflowing from your cup cup cup  
So jump up on your sleigh  
And jingle all the way  
Cause it's the holidays  
So drink it up up up

It's the rush of people on the streets  
And the giving always gets to me  
People singing carols  
Little Hark the Herald  
Got you by the tree  
And that's all I ever need cause

We're sippin' sunshine on a frosty day  
Keeping us warm by the fireplace  
Busy counting snowflakes  
Love the way they shine  
If I had my way  
We'd do this all the time  
So drink it up up up  
You can feel the love  
So drink it up up up  
Joy is overflowing from your cup cup cup  
So jump up on your sleigh  
And jingle all the way  
Cause it's the holidays  
So drink it up up up

Ooh, got our spirits high on luck  
Ooh, my hands around a paper cup  
Ooh, it's sweeter than a sugar plum  
I can hardly wait for this time of year to come cause

We're sippin' sunshine on a frosty day
