

Stay Home Vogue

(Home)
Stay at home

Look around, everywhere you turn is Covid
It's everywhere that you go (just look around)
I know you've tried, everything you can to escape
This social distance shit show (what a shit show)

But just settle in to the quarantine
Flatten the Corona curve
They say the cure is up to you and me
It's called a sick day, so bitch you best stay home

Come on, stay home (home)
Work remotely and Zoom your meetings (and Zoom your meetings)
Hey, hey, hey
Come on, stay home (home)
Watch the TV and eat your feelings (and eat your feelings)
You know you can do it

All you need is your own imagination
So use it that's what its for (Chris, tell me more)
Read a book, that's that thing that's filled with paper
But I can't tell you for sure (Can't say for sure)

It's makes no difference if you're black or white
Corona's coming for you
Do the cool thing now and just stay inside
You're a hermit star, yes that's what you are, you know it

Come on, stay home (home)
Work remotely and Zoom your meetings
Hey, hey, hey
Come on, stay home (home)
Watch the TV and eat your feelings
You know you can do it

Home is where the heart is
So forget your friends outside it
First day in feels like magic
But soon you'll be a bat-shit lunatic
I've got to go, I've got to go
No! Isolate for the cure

Come on, stay home
(Home is where the heart is) (and Zoom your meetings)
