

Coming Back To You

Chris Norman

And when it rains it's alright cos' I Know
I'll soon be back to you
And the nights are so long baby I'm thinkin' of you now
(Baby I want you) Oh Yeah
(Baby I need you so)

I've been count the days and wasting my nights
cos' nothing can fill this space without you
and your womanly ways make these missing you nights
You know I love everything about you darlin'
(Baby I want you) Oh Yeah
Baby I'm coming Back to you

I see your face sometimes I swear
I feel you here with me
I can't wait for your love feelin' your arms around me now
(Baby I want you) Yes I do
(Baby I need you so)

I've been count the days and wasting my nights
cos' nothing can fill this space without you
and your womanly ways make these missing you nights
You know I love everything about you darlin'
(Baby I want you) Oh Yeah
Baby I'm coming Back to you

Darlin' I need your Lovin'
I need your everything only you can give
Oh I want you to know
(Baby I need you so)
