Chris Norman

And when it rains it's alright cos' I Know
I'll soon be back to you
And the nights are so long baby I'm thinkin' of you now
(Baby I want you) Oh Yeah
(Baby I need you so)

I've been count the days and wasting my nights cos' nothing can fill this space without you and your womanly ways make these missing you nights You know I love everything about you darlin' (Baby I want you) Oh Yeah Baby I'm coming Back to you

I see your face sometimes I swear
I feel you here with me
I can't wait for your love feelin' your arms around me now
(Baby I want you) Yes I do
(Baby I need you so)

I've been count the days and wasting my nights cos' nothing can fill this space without you and your womanly ways make these missing you nights You know I love everything about you darlin' (Baby I want you) Oh Yeah Baby I'm coming Back to you

Darlin' I need your Lovin'
I need your everything only you can give
Oh I want you to know
(Baby I need you so)
