

# Follow Me

Chris Norman

Follow me  
When your life's not like it seems to be  
Take a chance on me  
And we'll hit the road to honesty

Baby follow me  
On the tender wings of fantasy  
One day we will be  
On the other side of liberty - baby

Just follow me  
When a pale moon's rising  
Follow me  
When the night's enticing  
Hold my heart  
When the world we know just falls apart  
We walk together hand in hand  
I just want you to understand  
That love's the only thing that's real  
So follow me and do what you feel

Follow me  
To a place where life is strong and free  
If you come with me  
We keep our dream eternally  
When you follow me  
To a land where only love is true  
Baby you will see  
I'll do anything you want me to

Just follow me  
When a pale moon's rising  
Follow me  
When the night's enticing  
Hold my heart  
When the world we know just falls apart  
We walk together hand in hand  
I just want you to understand  
That love's the only thing that's real  
So follow me and do what you feel

Follow my heart  
We walk together hand in hand  
I just want you to understand  
That love's the only thing that's real  
So follow me and do what you feel

Oh just follow me
