

# Hunters Of The Night

Chris Norman

You know you touch my heart  
You made me running hide  
I wanna feel your body by my side  
You walk the streets again  
You need a love and friend  
To try to stop the burnin'  
Deep inside  
Love comes, love grows  
But your heart knows  
Oh oh  
Touch you - you look at me  
And the hurt shows

Hunters of the night  
The look on everyone's face I see  
Leaving me cold again in my heart, my memories  
Hunters of the night  
Another time I feel the need in me  
Reaching for you again  
Love is such a mystery

Wanna hold you close  
But you just turn away  
Seems there's nothing left  
That I can say  
The kind of love you need  
Is just too hard to find  
You know you can deceive  
When you made up lies  
Love comes, love grows  
But your heart knows  
Oh oh  
Touch you - you look at me  
And the hurt shows

Hunters of the night  
The look on everyone's face I see  
Leaving me cold again in my heart, my memories  
Hunters of the night  
Another time I feel the need in me  
Reaching for you again  
Love is such a mystery
