

# It's Crazy

Chris Norman

Those guys on the TV they talk about Jesus Christ  
But you know if you ask me I think that they're overpriced  
And it's getting so hard 'cause nothing seems real anymore

Well I turn on the radio it's Henry Mancini  
It's alright in it's day you know but what about you and me  
And it's driving me crazy and I just can't take anymore

And it's crazy, yeah it's crazy  
Well I live it and I breathe it  
And it's something that I just can't ignore  
Well it's crazy, it's crazy  
And we see it & we hear it all the time  
And then we close the door

Graphic scenes in the papers we develop immunity  
It's what is the angle and what's in it man for me  
And nothing is sacred and what price for truth can you find

Yeah, it's life in the fast lane  
And who's in the main stream they're livin' on cocaine  
And trying to keep the city clean  
Just give 'em your loose change  
Then put it to the back of your mind

And it's crazy, yeah it's crazy  
Well I live it and I breathe it  
And it's something that I just can't ignore  
Well it's crazy, it's crazy  
And we see it and we hear it all the time  
And then we close the door

So I'm watching the TV and I'm glad I'm not in their shoes  
They smile so politely while breaking the bad news  
Yeah it's getting so hard nothing seems real anymore

And it's crazy, yeah it's crazy  
Well I live it and I breathe it  
And it's something that I just can't ignore  
Well it's crazy, it's crazy  
And we see it and we hear it all the time  
And then we close the door

Yeah it's crazy, it's crazy
