Lost in Flight

Chris Norman

Like a bird that's lost in flight There's a corner of my mind Says I'm losing everything That it took so long to find In my ordinary world From the moment I arise Well the dream goes on and on like a love that never dies

Always running everywhere I don't know if I know who I am Satisfaction incomplete It's not enough I'm doing what I can

Come here, go there, try another one Oh I don't give a shit Unsung hero tell me what you've done It confuses me a bit

Like a bird that's lost in flight There's a corner of my mind Says I'm losing everything That it took so long to find In my ordinary world From the moment I arise Well the dream goes on and on like a love that never dies

Early one morning I awoke from a dream Well I dreamed of my Father I don't know what that means

I had to ask his name I had to ask, I had to know I had to ask, oh can you show I need to know the way, can you show me the way

Like a bird that's lost in flight There's a corner of my mind Says I'm losing everything That it took so long to find In my ordinary world From the moment I arise Well the dream goes on and on like a love that never dies Love that never dies
