

# Under Your Spell

Chris Norman

In a beat of your heart in the sound of your name  
Did you ever want someone to hold you  
Do you still feel the same  
Did you want me to lose my reputation  
Well alright I'll do it for you  
There's no time to assess the situation  
And I don't know what I'm gonna do

I'm under your spell you'd better not tell on me  
In the heat of the night I don't care if it's right  
When you give me what I need  
There's a ringing in my brain I'm up against the wall  
tonight  
Do you have to make me crawl till I'm not a man at all  
Do you want me on my knees

Oh you're making me weak with the things that you say  
Are you gonna keep making me promises then walking away  
Did you think that I'd sit here and wait for you  
Like I've got nothing to do  
When you whisper all those things to me  
Oh yeh babe I'd do it for you

I'm under your spell you'd better not tell on me  
In the heat of the night I don't care if it's right  
When you give me what I need  
There's a ringing in my brain I'm up against the wall  
tonight  
Do you have to make me crawl till I'm not a man at all  
Do you want me on my knees

And when you come to me and hold me tight  
Nothing's real, nothing's right  
Oh come on whisper in my ear  
All the things that I wanna hear
