It's your face I see pressed up against my window pane
And suddenly I realise
As the tears start to fall like rain from the sky
Only the ace of hearts can save me now
A B E
I said only the ace of hearts can save me now

B E Asm B (2x)
Open your doors and pull me, pull me, pull me through

Flying so high searching for those landing lights
I've never been this way before

And only the ace of hearts can save me now (3x)
