

Don't Give Your Ace Away

Chris Rea

Never loose your ace
Until the time is right
Keep it locked away
Keep it clean outta sight
Lord above please listen what I say
Do anything you want
But darling don't give your ace away

Love your ace don't treat her wrong
Don't find out too late
When she's up and gone
'Cause the time will come
You got to know how much it's worth
When you got to let her go

Love your ace don't you treat her wrong
Don't find out too late
When she's up and gone
Play the game
Make sure you make 'em pay
Do anything you want darling
But don't give your ace away
