

# Man Gone Missing

Chris Rea

Man gone missing  
Let the good Lord above rest his soul  
Man gone missing  
Let the good Lord above rest his soul

Did he runaway or did they kill him  
Seems nobody knows

Man gone missing  
Hell dogs barking loud all through the night  
Man gone missing  
Hear those hell dogs barking loud all through the night  
I swear I hear him screaming  
I swear I hear him fight

Man gone missing  
There's an empty place in the field  
at the break of the day  
Man gone missing  
There's an empty place in the field  
at the break of the day  
What happened to him last night?  
Nobody say  
Man gone missing
