

Restless Soul

Chris Rea

Restless Soul
Beating like a drum
I need to know
Where she coming from
Everywhere I go she rides with me
This restless soul won't let me be

Oh restless soul

I call on the devil
I call on the saints
Tell me please
What do I push against?
I go down to the doctor
I say please give me some
Tell me where does this restless soul come from

Oh you've got to give me something
Got to take it away
'Cos it screams and it cries
And I fear what it says

Restless soul I say oh restless soul
Help this restless soul

Restless soul
