

# Summer Love

Chris Rea

**E** **Asm7**  
Once there was a summer love  
**A** **Emaj7** **Fm7dim5**  
Long ago and far away  
**F#m** **F#m7dim5** **E** **C#m**  
The autumn whispers to the falling leaves  
**F#m7** **Am**  
Summer love can?t stay

This was their place this was where  
Just for one moment without cares  
Two lovers dream of how the world should be  
**F#m7** **E**  
Please bring back my summer love to me

**Asm**  
Did you have to go  
**A**  
Did I have to stay  
**Asm** **A**  
Did you have to go away  
**Asm**  
Now it?s all gone  
**A**  
But who can forget  
**F#m7**  
Summer love  
**A** **B7**  
Sweet summer love
