

What Made Me Love You

Chris Rea

I got your letter
The other day
I guess I knew
What you could not say
Oh babe
I can forgive
But I can't forget

Because your cheating heart
Well it done me wrong
I fell for your lies
Now you've been and gone
I can forgive
But I can't forget

You cheated on me
Well, you hurt me so
You said you loved me
That you would never go
What made me love you
I will never know
What made me love you
