

# Without Your Love

Chris Stapleton

Yesterday just came and went  
And today dealt me another hand of heartaches that I'll play  
What we said and what we meant  
Two different things, just some words and rings  
And time keeps raising the stakes

Tonight I'll find you in my dreams  
And tomorrow I'll wake up and have to feel you fade away  
That's the way it goes it seems  
Tears filled with pain and they fall like rain  
Constant reminders every day

Without your love  
The sky is grey  
Without your love  
I'm waiting on the sun to shine  
Without your love  
Every hour is the darkest time of day  
And every moment's a crime  
And every moment's a crime

The more I live without you  
Just can't forget about you  
Nobody else can set me free  
Baby, please come back to me  
Baby, please come back to me

Without your love  
The sky is grey  
Without your love  
I'm just waiting on the sun to shine  
Without your love  
Every hour is the darkest time of day  
And every moment's a crime  
Without your love  
And every moment's a crime  
Without your love  
And I'm just doing my time  
Without your love  
And every moment's a crime
