

# Absorbing Energy

Chris Travis

It's timeless  
It's timeless  
All my music timeless  
Rap niggas be lying  
Ya childish  
Ya childish

Bitches like my song Diamonds  
They say that it's timeless  
All I make is classics make you fuck niggas rewind this  
Yung Kenshin is shinin'  
Rap niggas be lyin'  
Bad bitches be eyin', but I can't trust nobody  
Alone on my island water where I'm divin'  
My money steady pilin' these rap niggas be wylin'  
Nigga I be chillin' plotting on a million just to feed my children  
I'm higher than my ceilings  
Ho, fuck your feelings be happy that you livin'  
Be happy that you with me  
These bitches act so silly  
All my niggas with me, king of the century  
Let me sign your titties if you fuckin' with me  
Been around America, muthafuck America  
Damn near done fucked a bad bitch in every area  
Nigga I'm not scared of ya, nigga I'm not scared of nothin'  
Drown the rap game with every wave of my elements  
Walking in the club like a scene cut on Belly bitch  
Garcia's burnin', know them club owners smell that shit  
Fuck you niggas mean? Chris Travis he be workin' bitch  
Stayin' to myself, bitch, no new friends or associates

New friends or associates  
New friends or associates

Been around America, muthafuck America  
Damn near done fucked a bad bitch in every area  
Nigga I'm not scared of ya, nigga I'm not scared of nothin'  
Drown the rap game with every wave of my elements

Been around America, muthafuck America
