

# Drop Down

Chris Travis

I don't ever really gotta' say shit  
Money gonna' go cause it ain't shit  
Pockets gonna fold, bitch you already know  
I'm a get it right back and blow it on some dope  
Used to be a young nigga posted at the store  
Trying to be a rich nigga posted by a pope  
Know when to speak and I speak what I know  
And I know what I preach ain't good for the homes  
Unknown calls don't answer the phone  
The shit you talk cause a drone on your home  
Bitch I'm a boss I can hold my own  
You niggas follow trends but I made my own  
I pull up on your bitch like smoke in a bong  
You'll never, ever catch me toking a bong  
My blunt longer than a 20 minute ringtone  
Can't hit my shit  
Burn like the ozone  
All y'all niggas ain't about shit  
I'm astounding you are rhyming  
Money piling, green Impalas  
I'm not driving but I'm riding  
Need an island and some thousands  
I made millions and some billions  
Fuck your feelings bitch I'm back seat chilling  
How you living?

The money go up, the bitches come down  
Yeah they from up town but I rep down south  
You got your little wave  
But you can't flood a town  
All my niggas in this bitch  
We pass your bitch around and round

Bitch make it drop down, let me see that ass  
Bitch make it drop down, let me see that ass  
Bitch make it drop down, let me see that ass  
Bitch make it drop down, let me see that ass

Pull on up, headlights on  
Head in the car  
Can't go in the house  
Matter fact we could just sneak on the couch  
I could roll up a blunt, fuck you, then we bounce  
Eyes wide open so you know I'm on the prowl  
Nocturnal nigga, I belong in the wild  
Nigga, who you  
What's a verb to a noun  
Fuck around leave a nigga nose on the ground  
Act like a fool you can die like one  
I don't know pain cause I can't feel none  
Bring a bad bitch downtown, Hilton  
Then fuck her till she sleep and her body feel numb  
Chris fucking Travis made a bitches spirits sprung  
Hit her one more time like I'm about to leave for long  
If you know your shit then bitch sing along  
Then drop it down quick  
Sports bra and a thong

Bitch make it drop down, let me see that ass  
Bitch make it drop down, let me see that ass  
Bitch make it drop down, let me see that ass  
Bitch make it drop down, let me see that ass
