

Drunk Off Water

Chris Travis

The paint drippin' wet while I slide through
Eatin' puff, smokin blunts, while I'm in the drive through
Boi you betta watch ya back, never know who you behind
Under water killer, well nigga call me shamoo
Bust on her head, my protein is her shampoo
She layin' on the floor, trynna tell her what them drugs do
Heart full of pain, I won't be the one to love you
Heard you got a past, I can't be the one to trust you

Them people comin' quick, so you better get cho shit, just me w
ith no bitch
Just fam with no clique
Through the pain and the tears, through the times that we spent
Neva found happiness but money make me happy bitch

The time tickin'
Its goin' slow, goin' slow
Yo bitch missin', you should know, you should know
I gotta get it, time to go, time to go
I'm always busy, but neva slow, neva slow

Its Waterboyz til the world end on some scary movie shit
I'll make her head spin
Words that I tell her prolly put her in a world wind
Say she got a boyfriend, he can get his face skinned
If you throwin' hatred, let's face it
I'm the type of nigga, hidin' secrets in the basement
Doin bad things but I won't ever say shit
Broke minded nigga with a soul up through gates bitch
