

# I Don't Drink Coffee

Chris Travis

Who the fuck these niggas thinking they talking to?  
Chopper be coffee just sit back and watch it brew  
Heard you was telling so no I can't fuck with you  
Don't give a fuck 'bout no goonies that's in yo crew  
Hit a bitch all up online like a beast  
Her boyfriend got M and I follow up the street  
I don't play no games so I'm playing for keeps  
That bitch she a groupie, I won't even speak  
Bitch I'm just rapping I don't need a hook  
Not a role model tell a kid read a book  
He ain't my friend but ain't know I'm a crook  
I hit the venue and made that bitch shook  
These rappers they weak and they don't have a look  
Reason why niggas ain't never get booked  
I'm in Hawaii got shrimp like a cook  
Nigga run up with that shit then he cook  
I had to jug right before it was cool  
Teacher was watching my face at the school  
Made a tsunami she don't need no loo  
Marvin Room, to a crib with a pool  
Humble lil boy but the industry rude  
They wanna be cool but I play it crude  
I'm rocking stars and I don't need no jewels  
[?] the bitch if she fuck up my mood  
This shit is temporal but I'm not a fool  
These rappers my kids I take 'em to school  
Different lil nigga we break all the rules  
Spark up yo crib now yo ass gotta move  
Don't fuck with deals, you don't have a clue  
Live by the code but don't eat evil fruit  
These niggas disposable get 'em removed  
These bitches I 'spose they belong in a zoo
