Oh my God oh my God  
I get hella dough  
Mouth froze rainbows but I make it snow  
World cold world cold  
Keep it in my coat  
Walked in off the drank bet I take your hoe

Oh my God, oh my God  
I get hella dough  
Mouth froze rainbows but I make it snow  
World cold world cold  
Keep it in my coat  
Walked in off the drank bet I take your hoe

Basic basic  
These hoes ain't on shit  
My emotions in a bottle with a Faygo mix  
Say what say what  
I want them dividends  
Ridin thru the cold night vibin with your bitch

Hit me up hit me up  
That's all what she say  
I'm just thinkin in my mind, I'm like bitch okay  
I pull off I pull off  
I'm like fuck today  
New shoes new fit I get this shit my way  
Ay what's up ay what's up  
You got something to say?  
I'm like what I'm like what  
Fuck up out my way  
Runnin shit runnin shit  
Nigga kick rocks  
And I can't fuck with these hoes cause they flip flop

Oh my God, oh my God  
I get hella dough  
Mouth froze rainbows but I make it snow  
World cold world cold  
Keep it in my coat  
Walked in off the drank bet I take your hoe

Basic basic  
These hoes ain't on shit  
My emotions in a bottle with a Faygo mix  
Say what say what  
I want them dividends  
Ridin thru the cold night vibin with your bitch
