

In My World

Chris Travis

[?] is this [?] cool?

Yep!

Iced up, iced up, shit whoever know

Iced up, iced up, shit whoever know

I been on and off the road since I ever know

Living good, eating good, I'm just with my bros

Flexed up, flexed up, I let shawty know

And it's all we know, and I'm all she know

I'm like a pot of gold

In my world and I can't go home

Show up late and I still go on

In this shit 'till the light come on

Looking at me nigga whatchu want?

Looking at me shawty whatchu want?

Iced up, iced up, shit whoever know

I been on and off the road since I ever know

Living good, eating good, I'm just with my bros

Flexed up, flexed up, I let shawty know

We got your girl right now
