Riding deep, where they at?
I smoke real good but I don't smoke wax
If your bitch fuck good, then I might call back

Pussy nigga know, who the hell you playing with
Gon buy the rose, yeah she a bad bitch
Sew a nigga up like a piece of fabric
Then it probably won't make it then that shit tragic

Six feet nigga, put him in a basket
Young Kenshin Travis steady doing damage
Only fuck niggas won't understand me
I'm an astronaut, underwater Sandy
Took your bitch with a piece if candy
Shout out to the niggas up in Miami

Chicks and money on the fucking granite
I'ma beat his ass, I'm a straight bandit
Fuck a nigga mean, let him straight have it
Choppers on the scene, Afghanistan shit
Memphis young nigga put them in a bracket
Probably get rich, [and] fuck a bad actress

Shawty what's your name, I was just asking
I was in the bank, I was just cashing
Seen her from a far, she was straight dashing
But back to the raps, I was just ashin'
Nigga too high, I be straight bragging
Spit hot fire like a red dragon

Try to harm me, have your soul dancing
Try to harm me, have your soul dancing, I was outstanding
Bitch I'm VIP, your was on the out standing
Don't look at me to let you in the building

And when I'm not there, pussy know I'm still here
And when I'm not close, pussy know I'm still here
When I unload, pussy know I kill shit

See you niggas whack, I can't even feel it
Tats on my throat, I ain't even feel shit
And if you got a bone, let's make a killing
Let's make a toast to the niggas not shit
Send me a beat, I'ma make it a hit
Send me some weed, I'ma make it a lick
I'm a weed smoker so I need an extra six
You can't spark shit
Boy you need an extra kick

Shout out to my nigga
Purp merked on the beat
Beat a nigga ass, leave him merked in the street
At a stop sign where the cross roads meet
Bitch I'm bout mines, it's never about we
I don't do crime, leave it for the young G's

I'm a young nigga but I feel OG
Backwood lit full of Bubba OG
Nigga look away cause you don't know me
I'm a suspect, that you probably owe me
Niggas need to know that there's only one me
You can imitate but can never intervene
Kenshin at the top
And you just in-between

Bitch
