

# Memphis to LA

Chris Travis

Never wanted to be, this way  
I'm stuck now  
Only way out, is through this shit  
KLVN

Memphis City bred till my soul laid at rest  
Boy there's things around here leave you cold to your flesh  
If you bold with a tec, get mowed in a stretch  
Fuck your bitch first night, so she won't forget  
Tell me when I get money Kenshin please don't forget  
Boy please, Ima act like we ain't never met  
When I'm down and I'm out never gave me shit  
Young boy from the south who making these hits  
Keep my name out your mouth you don't wanna get hit  
Cause the power in my fist so ferocious bitch  
Can't hang around niggas on no dumb shit  
Can't hang around bitches on no fuck shit  
Niggas better watch out cause my tech come quick  
Like a pornstar bitch  
Ima show you straight drill  
You a fake ass nigga always claim that you real  
Boy you pussy I can see it through the barrel of your steel

Still breathing young nigga, I ain't left yet  
Left wrist, left leg, if you ever touch my bread  
Give a bitch butterflies when she see me shed  
In the shed, fuck the feds, blunts thick like my dreads

Bitch the money keep coming long as we keep moving  
Shout out to my plug, world wide distribution  
Bitch my music like the rap game Earth evolution  
I'm the God the solution  
Don't need substitution  
I'm the man that kill shit  
Steal shit never trust me  
If I want then I will bitch  
Try to fuck me never won't cause I do this  
Like rugby toss yo girl around topless  
I'm crazy rap niggas don't like this  
He owed me he died in his Nikes  
Boys hate me cause they girlfriend like me  
I'm lazy smoking blunts till my life spin  
380, Ima hold with the right hand  
Don't try me just waiting on the right man  
Hunt a nigga down like tiger on a bison  
Leave em in the streets sidway cause I'm trifling bitch
