Chris Travis

10 dollar pizza and a 2 liter sprite, from what a nigga see its
gon be a great night
Got yo bitch on the left and codeine on my right
Just a motherfuckin' habit, I ain't choose to live this life
But it's alright, it's alright
[?] its alright
This down south, my southern slang
It's on right
These bitches just can't get enough I'm coming through they souls
Chris Travis, hypnotize and leave yo mind blown
Get high, vibin' whatever timezone
And listen to this shit while your fucking mind gone
Or while you in the car, smoking blunts in hotboxing, lowkey lo
okin for them pussy narcotics
Or in your room high as fuck in the darkness
Just vibe with a nigga
Proceed with caution
Bitch
