Chris Travis

I got stacks and the swag on me
Call me You-gi-oh I'm the game king
Gucci loafers on I look like a dream
That bitch stay on my wave
Get paid and get laid
She say that she know my face
I said girl what's the place?
She drunk and I'm sipping grape
Tryna get deep in her wave
Eye to eye I touch her slow
I know I make your heart cold
I know I make your soul glow
I know I make your mind blow
But baby I'm something like dope
You get enough that you overdose
On my love, my dro
I get head, I might give it tho
