Been a motherfuckin' top notch  
Signed on my forehead tell me don't stop  
You ain't gotta ask know my shit gon' pop  
Like pop rockets in your mouth straight drop  
Ain't no limits bitch I do what I want  
Tell her run wild go and do what she want  
Man I'll put you down if you ever gon' jump  
Better jump high and you better make funds, I know  
Plenty bitches prolly want some  
I can't smoke a blunt 'less I just rolled one  
Boy that make two for the 9 and the 5  
Got my wardrobe growin' bigger than a hive  
Boy I afford clothes all you niggas get by  
Never switch sides bitch I just change minds  
And I really can't mind at the same damn time  
Cause I got two bitches and they each ain't mine pussy

I can tell niggas actin' still  
Fuck 'em I make bills and I keep it real  
Love me hate me here I'm gon' still appeal  
Love me hate me there I'm gon' still appeal bitch nigga

She just wanna fuck cause she know I'm hot  
I can't stop  
Bitch I know a lot I don't show a lot  
I just caught  
On some more not carvin' off the rocks?  
Slightly drop off your fuckin' bitch and then I'm pullin' off  
Fuck a cost  
Bitch I pay the cost just to be a boss  
Hit her raw  
Never I'm no silly dog I'm taking off  
Banking sharp and my licks on point?  
It's gon' shoot it off  
Boy I'm prolly smoking what you're making every day its off

Got my name on  
I can change homes  
Making million dollar songs  
But it's free and it's strong  
Got my name on  
I can change homes  
Making million dollar songs  
But they free and they strong

I got some bitches in texas  
And they as real as you let em  
They get no better  
I dropped the ladder  
No I don't climb cause these niggas in battle  
Tryna reach up here  
No you can't come here  
Cause I'm just up here  
Feel like I'm already stuck here  
Boy this shit unfair

Nigga what's up there
