

Wet as She Drip

Chris Travis

Say she miss me when I'm gone...

Say she miss me when I'm gone
I ain't even gone no where
Baby do you love me?
Gone n whisper it in my ear
Sippin codien feelin' like I got no legs
Never worry about shit cause I don't believe in stress

Say she miss me when I'm gone
I ain't even gone no where
Baby do you love me?
Gone n whisper it in my ear
Sippin codien feelin' like I got no legs
Never worry about shit cause I don't believe in stress

She like heaven with no lemons
Her pussy is so prolific, we fucin, we lovin
But its bout business she moanin' n zonin'
That syrup I'm kissin'
You niggas ain't fucin' with me, so quit it
Trynna be me
Nigga stop livin'
Niggas is mad, my shit is different
Yo shit is slob, my shit is drippin

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

Steezin n greasein yo bitch is alone
My seaman is demons they melt on her tongue
You niggas is trippin y'all niggas is dumb
My niggas is loaded on drugs n poms
My bitches is faithful yo bitches is sprung
Aqua good weed in Chris Travis's cum
Trynna get green but still I'm so young
Feelin emotions up in my song

I swear I'm zonin'
I be zonin'
These bitches on me but I still feel lonely
But still I'm focused
Lovin motion
I'm slow motion
But never loathin

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip

She so wet as she drip
Wet as she drip
