

Only Way To Go

Chris Webby

I got the game on lockdown, ridin' with the top down, and I'm feeling so good

Baby we'll be headed to the top now cause it's the only way to go

Yeah, I'm on a roll now, traveling all around the globe

Only my booking agent know where I'm about to go

With a pretty young thing and an ounce to roll

Live that rockstar life call me Aldous Snow, uh

Feeling great, filet mignon on my plate

But I'm always staying hungry, you can see it on my face

You can see it in my eyes, I'mma win this race

Pulling through the finish line, like Brink on skates

And I'm feeling spectacular, still an eligible bachelor

It's so lovely, french kissing models with some molly on my tongue

In a different city every night like I was on the run

We gone, we gone, shout to everyone who supports me

Legal troubles over with, no more going to court, B

Now I'm chilling with a Vicky and a Courtney, top down, warp speed

I always told them "I will never stop" now, look at what I got now

Always knew that I would, baby, and we headed to the top now

Cause it-it's the only way to go

Now I got the game on lock-down, riding with the top down

And I'm feeling so good, baby, and we headed to the top now

Cause it-it's the only way to go

I been out to sea, had to send an SOS

But I made it back to shore and I'm next on deck

Always got a little sexy brunette on text

Saying "I'll see you when you back in town xox"

I've been slept on like futons, looked over like typos

Now you see my fucking name up in the lights, yo

Always been the under dog call me Fido

But I know, and always knew that I would win the fight bro

Either that or I'm going to go down swinging

Never back down if we gotta throw down, bring it

But still we having fun, strip club, pile of ones

And act a jackass, R.I.P Ryan Dunn

Shout to Sap always killing a track

We just some kids making money, what's the matter with that

And until I get a Grammy I'll be doing just dandy

The black sheep's now the bread winner of the family

I always told them "I will never stop" now, look at what I got now

Always knew that I would, baby, and we headed to the top now

Cause it-it's the only way to go

Now I got the game on lock-down, riding with the top down

And I'm feeling so good, baby, and we headed to the top now

Cause it-it's the only way to go

Way to go, way to go, it's the only way to go

Way to go, way to go, it's the only way to go

Way to go, way to go, it's the only way to go

Way to go, way to go, it's the only way to go

I only think about it when I'm looking back

To the kid I used to be writing lyrics during class

Back when I had nothing but ambition and a dream
And a composition notebook full of rhyme schemes
I mean, I was a fuck up, but then I grew the fuck up
And gave it everything while I was working on my come up
And now I came up and baby I won't stop till I'm done
So now I'm yelling at the top of my lungs (Let's go!)

I always told them "I will never stop" now, look at what I got now
Always knew that I would, baby, and we headed to the top now
Cause it-it's the only way to go
Now I got the game on lock-down, riding with the top down
And I'm feeling so good, baby, and we headed to the top now
Cause it-it's the only way to go

Way to go, way to go, it's the only way to go
Way to go, way to go, it's the only way to go
Way to go, way to go, it's the only way to go
Way to go, way to go, it's the only way to go

Yeah, I'm feeling good right now, man
All these years of hard work are finally paying off
There's really only one direction to go now
And that's up, so ya'll coming with me or what
