Dust Radio

Chris Whitley

Walk it with the father Talk it with the son Baby got vision child Like a loaded gun

She use my body Like carrion crow Doing our transmission thing On Dust Radio

Baby, call the number Nobody left in town Baby paint skulls and constellations On the ground

Where she lay me gently She lay me slow Somebody receiving up there On Dust Radio

Walk it with the spirit
Talk it with the spine
Mama sing, "Open up yourself
When worlds align"

My secret Jesus
The Good Red Road
On blood antenna
