

Twenty One Candles

Chris Young

Always be momma's baby, always be daddy's girl
Right now she's makin' 'em crazy
Little red riding hood, big bad world

She ain't waitin' on twenty-
one candles, she ain't missin' not a minute of fun
She ain't worried about one day older, pretty little rebel on t
he run
She ain't tryin' to be hard to handle, she gonna do what a girl
gonna do
She ain't waitin' on twenty-
one candles, sure ain't gonna wait on you

Can't be innocent forever, ain't never done anything
She'll tell you no, but she don't mean never
Turned the corner when she turned 18

She ain't waitin' on twenty-
one candles, she ain't missin' not a minute of fun
She ain't worried about one day older, pretty little rebel on t
he run
She ain't tryin' to be hard to handle, she gonna do what a girl
gonna do
She ain't waitin' on twenty-
one candles, sure ain't gonna wait on you

Her folks wanna hold her back, but they don't know how
She wants it all and she wants it all right now
Gonna get it all before the sun goes down

She ain't waitin'
She aint' missin'
She ain't worryin'
That girl needs kissin'!

She ain't waitin' on twenty-
one candles, she ain't missin' not a minute of fun
She ain't worried about one day older, pretty little rebel on t
he run
She ain't tryin' to be hard to handle, she gonna do what a girl
gonna do
She ain't waitin' on twenty-
one candles, sure ain't gonna wait on you

Yea them twenty-one candles!
