

## Like in the Movies

Chrissie Hynde

I got you curious 'cause I can cry on call  
I'll be anything you want  
Just give me some lines to memorize  
You think that I'm serious  
You can bend me like a rubber doll  
So give me another scene  
And lots of tender close ups

Ooh, this isn't gonna end like in the movies  
Ooh, the audience goes home satisfied  
'Cause nobody really died  
Oh, this isn't gonna end like in the movies

You think this is real time  
But these drops drip in slow mo  
From this heart of mine  
Cup your hands and catch the overflow  
The silent screen tonight  
Won't somebody play the piano  
While the protagonist beats her breast  
You've all seen the rest

Oh, this isn't gonna end like in the movies  
Oh, the audience goes home satisfied  
'Cause nobody really died  
Oh, this isn't gonna end like in the movies

Happy ending  
A Hollywood storyline  
Good pretending  
But don't fuck with this heart of mine  
You say you love me  
And I believe that it's true  
If you believe me, then I'll believe you  
Then I'll believe you

Oh, this isn't gonna end like in the movies  
Oh, the audience goes home satisfied  
'Cause nobody really died  
Oh, this isn't gonna end like in the movies

Oh, this isn't gonna end like in the movies  
Oh, the audience goes home satisfied  
'Cause nobody really died  
Oh, this isn't gonna end like in the movies
