

Father of eternal life  
Creator of darkness and light  
You exist absent  
Inside each of us  
Father of eternal life  
Giver of sin and bliss  
Conscience and determinant of the truth

Father of eternal life  
You're the blood and the seed  
The pain and the fear

Your stigma  
Sank into darkness  
And looks for shelter  
I stand opposite you

Father of eternal life  
You are the fire and the water  
Father of eternal life  
You're death's brother  
The gate of dream wide open...

Dear, beautiful death!  
The jewel of the just  
Shining nowhere, but in the dark;  
What mysteries do lie beyond the dust;

Could man outlook that mark!

Father of eternal life and all  
created glories under thee!  
Resume thy spirit from this world of thrall  
Into true liberty
