

What I lost

Christian Linke

Heartbeat stopping and
I just don't know why
And I lose my disguise
that keeps me alive
pictures motionless

And I got to confess
I lose my ground
And it's all you

My body shakes once again
feeling all at once
sense is going numb

I hear no sounds
but yours everything falling apart
rescue me

I can't breathe
I cannot forget what I lost
what I lost
