

# Heaven Knows

Christie

I've been hurt before  
Lost faith, closed the door  
Heaven knows  
Why I... never learn

Now my wounded pride  
Wings on darkened skies  
Heaven knows  
Why I still love you

Heaven knows  
Only a fool would say  
Heaven knows  
Here in my heart you'll stay forever

Now my wounded pride  
Wings on darkened skies  
Heaven knows  
Why I never learn

Heaven knows  
Only a fool would say  
Heaven knows  
Here in my heart you'll stay forever
