Thank You

Christina Milian

Once upon a time I walked an easy road Didn't think I needed anyone. I could make it on my own Never thought about tomorrow, just livin' day to day Never thought these clouds would come along And bring me so much pain When my world was upside down I didn't think that I could make it, Reached out my hand for you And you were there to take it

I wanna thank you For being my strength when I thought I couldn't go on And I wanna thank you be, 'til I get over you

Walked through the park, in the evening air I heard a voice and I thought you were there I run away but I just can't escape Memories of you everywhere They say that time will dry the tears But true love burns for a thousand years Give my tomorrows for one yesterday Just to know that I could have you here

When will this river of tears stop fallin' Where can I run so I won't feel alone Can't walk away when the pain keeps callin' I've just gotta take it from here on my own But it's so hard to let go
